It may not be generally known, but nevertheless a fact, that a Dr. Thompson of Madison has charge of Dr. D. M. Smith's office in the Merchants' block, during Dr. Smith's absence. Dr. T. is a very affable young man and a most promising M. D.

Robert Ervin Ellison, son of Mr. and Mrs. R. F. Ellison, of near Williston, died Tuesday evening. His brother, R. L. Ellison, of Ocala, was telegraphed for but reached home too late to participate in the funeral services. To the bereaved the Star extends sympathy.

It occurs to us that the ladies of the W. C. T. U. are a little previous in their card in the Banner this morning in which they say an election will be called in November for a "wet" or "dry" election in Marion. The petition containing the names of one-fourth of the qualified voters of the county must be checked up by the county commissioners to see that it contains the required number of signatures and the said election will be called. What the temperance people want first is to get those names on the petition, then for the tug of war.

Hezekiah Butterworth, author and historian, died at his home at Warren, R. I., Tuesday, aged 75 years.

His death has more than passing interest to us and the people of Bellevue, where in the earlier days of his settlement he spent several winters, and at his death was still a property owner, owning the lot on which was the original home of the pioneer settler of the place, Mr. David Roach, and the present Lake Lillian was then known as Roach's pond. Here he had a home which he hoped some day to come to and end his years on earth, but it was otherwise ordained. He was a good man, loved by all who knew him, and besides being a brilliant writer and a noble-hearted man, he was a poet of a high order of expression. The influence he left will pervade for good for time to come.

The Star is pleased to note the high esteem in which Mrs. T. I. Arnold of Orlando is held by the Sunday school of the Baptist church of that place, the members having rendered a special program in her honor, to mark her departure for Jacksonville. Mrs. Arnold has been one of the teachers of the Sabbath school in Orlando ever since she has resided there—the past decade—also the assistant principal of the public school, which she relinquishes to assume the same position in the Duval High School at Jacksonville. This will be interesting news to her old home friends in Anthony, where she grew to womanhood and was noted as one of the brightest pupils that ever attended that school, subsequently teaching there ere she left for Atlanta. She is known the county over as one of the best of teachers and a most exemplary Christian, having been a zealous worker in the Sunday school and church all her life. The best wishes of her many friends in Anthony and Ocala go with this estimable and highly cultured lady to her new field of labor. Mrs. Arnold is a sister of Mr. Robert Stripling, the life insurance man.

Mr. W. D. Condon, who took such a notable hand in the starting of the orange industry of Ocala and Marion county twenty-nine years ago, though long since past the three score and ten mark, is yet full of vitality, energy and enterprise, and is now deeply immersed in the art of making a fortune out of pecan growing. He has been at work for several years looking into this new and growing industry, and is satisfied there is money in it for all who will go into it with system and determination to win. As a marker, Mr. Condon informed a Star reporter that a number of years ago Mr. Frank Sampson, the successful Boardman orange grower, planted out five acres, but paid no special attention to the trees until last season, when the nuts from 450 trees netted him over \$2000. Not very long ago a man came up from South Florida, having heard that the management of the Marion Farms had put out a pecan nursery, and as he and other parties proposed to put out a series of pecan groves, they were casted ground for suitable stock, so visited the Marion Farms nursery, where he found on an acre and a half 35,000 young pecan trees, 22,000 of which had just been budded to the best varieties, so he asked Mr. S. A. Rawls what he would take for them and Mr. Rawls told him to make an offer. He made an offer of \$750 for the nursery of an acre and a half, which Mr. Rawls declined, when it was raised to \$1000, but this, too, was declined, because, in a small way, the budded trees had readily sold for from \$1 to \$2 apiece. This is only given to illustrate the theory of Mr. Condon's that within the next decade the pecan industry of Marion will be second to no other money producer in the state. Mr. Condon also confirmed the statement made in the Star that pecan trees, budded in March, are bearing fruit. Mr. Condon budded a tree for his son, Will, last February in a grove he is setting out south of town, and there are several well developed bunches of pecans on the graft, which has made a fine growth since it was inserted. In this move the one on the ground floor will take in the Dutchman's one per cent. Our soil seems just the thing for pecan growing.

There will be a big rally at Anthony, Thursday, September 14, and one at Bellevue, September 16. Both meetings will partake of a picnic.

YELLOW FEVER REPORT

There were 35 new cases of fever in New Orleans yesterday and 6 deaths. Cases to date, 2177; deaths, 304.

There were three new cases in Vicksburg and one in Natchez.

No new cases in Pensacola. Dr. Gonzalez the obstreperous physician, was sentenced to thirty days in jail, but sentence was suspended during good behavior.

The Georgia Board of Health has quarantined the entire state against infected points.

Buy an alcohol stove for 75c. at the Postoffice Drugstore, for making tea, coffee, or any light cooking. Heats water in a jiffy, and only costs 2c. an hour to burn.

At one time it looked as though the phosphate mines and turpentine farms in the county would have to be closed down because of the interest taken by our colored population in the Deen libel suit against the editors of the Hustler, a colored paper published in Ocala, and which contained an article reflecting on the morals of Presiding Elder Dean, the attendance at court was so great, but the trial is over, and Dean can now file information with the grand jury.

Are you interested in photography? Do you enjoy the many pleasures that come from the use of a little kodak? Let us do your developing and printing for you. We will do it reasonably, much less than you have been paying. Give us a trial. J. W. Sylvester, 34 Wenona street, or Ocala News Company.

W. O. Waid, late justice of the Ocala precinct, has been heard from. He sailed yesterday from New York for Brazil, on the steamer Bryan, via Pernambuco, Bahia, Rio, to Santos, in which section of the country he will engage in farming. Later on Hon. Geo. G. Mathews will follow Mr. Waid, and together they will till the soil. Mr. Waid took a full agricultural outfit with him.

We are exclusive agents for Elwood wire field fencing. Always in stock. Ask for prices. Marion Hardware Company.

Mr. H. G. Keen, the popular marshal of Dunnellon, was married last evening to Miss Flossie Robinson of Plant City, at the home of the bride's father, Mr. Jack Robinson, of that town. Mr. and Mrs. Keen left today for Baltimore to spend their honeymoon. Mr. J. M. Keen, a brother of the groom, left at the same time for Baltimore, where he will be married in a few days to one of that city's fair daughters. Mr. J. M. Keen is a citizen of Lakeland, and is chairman of the Lake county board of commissioners.

WANTED—Position as bookkeeper or assistant bookkeeper. Best of references. Satisfaction guaranteed. Address "Star," Ocala, Fla.

Lemuel Seckinger of the Fellowship section came down from Rochelle, where he was visiting for a few days. Mr. S. says the Fellowship school will open on Monday, in charge of Mr. Emanuel Martin, which school he will attend.

Mr. Schreiber, the chemist, went to Seabreeze yesterday to visit his family and enjoy several weeks of outing, when all will return home together.

Mr. and Mrs. Fred T. Jones, who came here a month ago from Boston, with the intention of making Ocala their future home, have changed their minds and next Thursday will start on their journey to Bakersfield, California, and try the shores of the Golden Gate State, as a place to plant their home stakes. They will accompany Mr. and Mrs. James E. Brown, who then leave for the same place. Bakersfield is one of the oil fields of California. Demand for reliable labor is great, and work the year round is assured good men from \$2.50 to \$3 a day. The Star regrets very much to lose Mr. and Mrs. Jones, and our best wishes go with them for their success and happiness.

Miss Lillian Farris of this city is teaching school at Pompano, a few miles north of Miami. She was in Miami Sunday, the guest of Mrs. C. M. Brown, Jr.

NO UNPLEASANT EFFECTS

If you ever took DeWitt's Little Early Risers for biliousness or constipation you know what pill pleasure is. These famous little pills cleanse the liver and rid the system of all bile without producing unpleasant effects. Sold by the Anti-Monopoly Drugstore.

Presiding Elder Dean failed to make out a case against Rev. Quartermaster for libel, so the other cases against Rev. Hadley and Rev. Gibbs were not pressed. If there is any further grievance, Elder Dean can go before the grand jury and lodge his complaint against the editors of the colored papers.

YOUR HAT

May Be a Stylish One, But It Makes Trouble

A man usually buys a hat that's "in style," but the modern hat for men has lots to answer for.

Bald heads are growing more numerous every day. Hats make excellent breeding places for the parasitic germs which sap the life from the roots of the hair.

When your hair begins to fall out and your scalp is full of dandruff it is a sure sign that these countless germs are busily at work.

There is but one way to overcome the trouble and kill the germs—that way is to apply Newcomb's Herpicide to the scalp—it will kill the germs and healthy hair is sure to result.

Sold by leading druggists. Send for stamps for sample to the Herpicide Co., Detroit, Mich. Tydings & Co., special agents, Ocala, Fla.

THE COLONEL'S WATERLOO

Colonel John M. Fuller of Honey Grove, Texas, nearly met his Waterloo from Liver and Kidney trouble. In a recent letter, he says: "I was nearly dead from these complaints, and although I tried my family doctor he did me no good; so I got a 50c. bottle of your great Electric Bitters, which cured me. I consider them the best medicine on earth, and thank God, who gave you the knowledge to make them." Sold and guaranteed to cure Dyspepsia, Biliousness and Kidney Disease by the Anti-Monopoly Drugstore.

TROUBLE IN TOKIO

The Japanese government has put the city of Tokio under martial law. The rioters did great damage Tuesday and Wednesday. Ten Christian churches and one mission school were burned. Two hundred policemen were wounded.

The government has never informed the people of the terms of the treaty. Notwithstanding the peace agreement, fighting continues in Saghalien, Corea and Manchuria; there being outposts fights almost daily.

During the riots, many foreigners were assailed, notably the Harriman party of Americans, who were touring Japan.

THE RIOTS AT BAKU

The rioting in and around Baku, on the western shore of the Caspian sea, exceeds anything that has yet happened in the recent disorders in Russia.

The Armenians, who do most of the work in the towns, and the half civilized Tartars who live in the country, have had a series of pitched battles, in which not only rifles and pistols, but cannon, have been used. Hundreds of houses have been burned and thousands of people killed or wounded, many being thrown into their burning homes. Over a thousand were shot down yesterday by the Russian troops, trying to restore order. All business is at a standstill.

Baku is the headquarters of the great oil district which has produced petroleum since the days of Cyrus the Great.

DEAFNESS CANNOT BE CURED

By local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever. Nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness caused by Catarrh that cannot be cured by Hall's Catarrh Cure. Send for circulars free. F. J. Cheney & Co., Toledo, O. Sold by druggists, 75c. Take Hall's Family Pills for constipation.

The white man, Alvarez, who was convicted of murder in the first degree at St. Marks some time ago, and sentenced to the penitentiary for life, and whose friends have been trying to get him out of jail on a writ of habeas corpus, has given up the fight. Captain Tom Bridges will go to St. Marks tonight to bring him to the prison camp here.

ALWAYS SUCCESSFUL

When indigestion becomes chronic it is dangerous. Kodol Dyspepsia Cure will cure indigestion and all troubles resulting therefrom, thus preventing Catarrh of the Stomach. Dr. Newbrough of League, W. Va., says: "To those suffering from indigestion or sour stomach I would say there is no better remedy than Kodol Dyspepsia Cure. I have prescribed it for a number of my patients with good success." Kodol Dyspepsia Cure digests what you eat and makes the stomach sweet. Sold by the Anti-Monopoly Drugstore.
